① Draft - Toomey (name <sup>only</sup> pencilled on paper)

Subject: Letter from Alberto Muller to President Kennedy

P 1. Muller gained prominence in 1960 when he led demonstration of protest in laying of a wreath by Mikoyan on statue of Martí. He now heads DRE, a Miami-based exile organization created by CIA. Muller was infiltrated into Cuba on 19 Nov 1960 to carry on clandestine propaganda & political action among students. Work includes broadcasting, publication of student newspapers, <sup>(both clandestine)</sup> bombing for psychological effects & organization of student resistance. Most important accomplishment has been organization of a student strike which has caused GOC to take violent countermeasures.

A letter to Pres. Kennedy arrived in U.S. 7 Feb. & he delivered personally by 3 DRE members.

Similar letter also going to President Quadros of Brazil. Letter expresses aspirations of Cuban students for a truly democratic, social, economic & political betterment of Cuba. Letter appeals for understanding of DRE's revolutionary aims, for

Amepell Progress Report - July 1962

[Note: Amepell divided in two groups - Ambarbe <sup>Melanie conference</sup> (?) and Ambute (DRE)]

Attachment A: <sup>Soon after</sup> ~~At the time of~~ Alberto Muller's arrest in Cuba, the DRE continued to be guided by CIA but resented its absolute control over them. CIA's inability to help Muller caused bitter criticism among DRE members. Control over DRE became superficial & material until late 1961 when time had worn away some of the shock & other activities were intensified. This resulted in higher morale & confidence in future support. Propaganda campaigns in support of Muller & Miguel Garcia saved them twice from the firing squad.

② Cable 25 Aug 1962 to Director from SMWAVE

Juan Salvat & other DRE members left Marathon Key on 24 August ~~on~~ in two vessels & fired on Hotel Rosita Hornos & <sup>Blanguita (correction case)</sup> Chaplin Theatre. Operation without knowledge or consent of CIA.

③ Dispatch 14 Sept 1962 UFGA-5728 to Chief Task Force W  
From: SMWAVE.

Amepell Progress report for Aug 1962 indicates total monetary outlay by CIA for month was \$50,053.00 (Included Ambarbe & Ambute Sections)
